

Give up your old fridge and save money!

You know that old fridge humming away in your basement or garage – the one that probably has next to nothing in it? You may not think much about it, but the reality is it could be wasting between **\$120–\$150** each year in electricity. Bet you're thinking about it now!

Let us haul it out of your house for **FREE** – we'll take care of it in an environmentally responsible manner by recycling and reclaiming as much as we can. By the time we're done with it, very little will go to the landfill!

Join the Great Refrigerator Roundup and start saving money and energy today. To learn more, visit www.everykilowattcounts.ca/fridge or call **1-877-797-9473** to schedule your free pick-up.

*Fridge must be at least 15 years old and in working order.

Fridge Pick-up^{DM}

We'll pick it up and recycle it for free.

^{DM} Official mark of the Ontario Power Authority.

Natural Comforts

Welcome to the Spring/Summer 2010 Issue of *Natural Comforts*.

- Kitchener Utilities rental water heaters 25
- Water Wagon 26

WELCOME to the Spring/Summer 2010 issue of *Natural Comforts*.

In this issue you'll find great ideas to help you save this summer – on energy bills, water consumption and more. Consider taking the Power Pledge to make a difference on your hydro bill. Find out how adjusting your thermostat a mere 2 degrees can help take pressure off the grid. And learn water conservation tips to keep your money from running down the drain.

Then, while you're out enjoying summer in the city, keep an eye out for the Water Wagon and fill up your reusable water bottle with tap water.

We hope you find this issue of *Natural Comforts* helpful and enjoyable.

Here's to a happy season!
